

THE #1 ALL-IN-ONE BACKUP AND RECOVERY SOLUTION

PROTECT ANYTHING, ANYWHERE!

WHAT WE DO

UNITRENDS MAKES BACKUP AND RECOVERY HASSLE-FREE. WE COMBINE THE EXPERTISE GAINED OVER MORE THAN 30 YEARS WITH NEXT-GENERATION BACKUP APPLIANCES AND CLOUD SOLUTIONS THAT ARE PURPOSE-BUILT TO MAKE DATA PROTECTION SIMPLER, MORE AUTOMATED AND MORE RESILIENT THAN ANY OTHER SOLUTION IN THE INDUSTRY.

Data Center Backup and Recovery

Backup Appliances

Simplify backup and continuity with the industry's most awarded all-in-one solution. Unitrends **Recovery Series** appliances make backup, retention and disaster protection effortless. These physical hardware appliances are pre-loaded and pre-tuned with powerful, easy-to-use backup software and intelligent automation.

Backup Software

Simplify local backup and off-site compliance requirements with an all-in-one software solution. Powered by a super intuitive user interface, **Unitrends Backup** software is a full-featured virtual appliance that runs on the hypervisor or cloud of your choice.

Disaster Recovery as a Service

Unitrends DRaaS provides full failover into the Unitrends Cloud for DR with white-glove service and an available one-hour recovery SLA. Works with Recovery Series appliances and Unitrends Backup software.

Cloud Storage

Unitrends **Forever Cloud** delivers automated, tiered, long-term retention for off-site compliance at an affordable price. Works with Recovery Series appliances and Unitrends Backup software.

Endpoint Backup and Recovery

Direct-to-Cloud Backup

Your workforce may be distributed but your IT staff and equipment doesn't have to be. **Unitrends EndPoint Backup** is the simplest way to back up endpoints and file servers from anywhere with internet connectivity, including Wi-Fi.

SaaS Backup, Recovery and Email Security

Office 365 Backup and Total Protection

Microsoft Office 365 adoption is at an all-time high – elevating the risk of data loss and security breaches. Protect your C-suite or entire organization with end-to-end backup, stolen credentials alerting and phishing defense with **Spanning Backup for Office 365**.

Innovation

Self-Healing Backups

Helix, our intelligent SaaS remediation platform, automatically fixes issues with backup and recovery. In essence, it gives IT another set of eyes. Simply deploy it and Helix will start monitoring and correcting problematic conditions automatically.

Automated Failover and DR Testing

Working with your Unitrends backup appliance, **Recovery Assurance's** powerful AI platform delivers automated failover, DR testing and compliance reporting, both locally and in the Unitrends Cloud.

One View to Rule Them All

UniView is a free SaaS-based management platform that provides UI and API integration across three best-of-breed approaches to backup and recovery: Unitrends backup appliances, direct-to-cloud backup and Office 365 backup.

Unified Solution

- » A single vendor means less management and no finger pointing to resolve issues
- » Pre-tuned backup server, storage and software
- » Unified protection anywhere – on-premises, cloud workloads and Software as a Service (SaaS)
- » All hardware, software, cloud and support from one vendor results in better customer satisfaction

No Assembly Required

- » Rack, connect and go in minutes
- » Fewest clicks to set up and manage
- » Automated protection with simple SLA policies
- » Integrated Unitrends Cloud options for long-term data retention and DRaaS make continuity easy
- » Easily scale up and out from 2 TB – 3.6 PB

100% Confidence

- » Analyze the impact of an outage before it happens
- » Fully automated application-level testing and failover
- » Automated backup and recovery testing
- » Automated Disaster Recovery compliance reports
- » Recovery Assurance for local, second site and cloud

Higher Security

- » Purpose-built, hardened Linux appliances
- » 256-bit encryption of data in-flight and at-rest
- » Ransomware detection via Predictive Analytics
- » Instant Recovery for virtual and Windows workloads

Best-In-Class Satisfaction

- » 98% customer satisfaction rating
- » One support call for everything
- » 24/7/365 availability
- » Proactive monitoring and outreach
- » Customer onboarding and education
