

# PDF Extra

All your **PDF** tasks,  
sorted.

Meet the only cross-platform PDF suite you need. Effortlessly view, edit, sign, convert, compress, secure and share PDFs, no matter where your work takes you.

- **Edit & create** - modify words, images, or even scanned files using OCR
- **Fill & sign** - approve contracts on the go and cut down on paper use
- **Organize PDFs** - rearrange pages, merge files and convert them to other formats
- **Compress & protect** - make PDFs smaller and encrypt them against hackers
- **View & comment** - choose reading modes or use advanced markup tools
