

# Modernisation. Without Disruption.™

Rocket Software powers the world's largest and most innovative companies.

With Rocket Software, you'll experience the power of IT Modernisation, Without Disruption. This ethic drives everything we do. It speaks to our commitment to helping businesses modernise their IT systems seamlessly while maintaining stability in their day-to-day operations.

We achieve this by meeting you wherever you are in your modernisation journey.

We provide solutions that enable you to protect your systems, optimise your platforms, and leverage data, all while ensuring compliance and security. Whether you're looking to modernise your mainframe or move workloads to the cloud, we're here to help you every step of the way.

## Welcome to Modernisation. Without Disruption.

Meeting you where you are in your modernisation journey

### Data Solutions

All your Data. All Together.

Rocket's Data Solutions offers the most comprehensive data discovery, integration, and management suite on the market, with unmatched support for mainframe and modern data sources — ensuring seamless integration across all environments.

### Hybrid Cloud Solutions

Best of Both.

Leverage intelligent automation and AI-powered solutions for fast, cost-effective paths to hybrid IT infrastructure modernisation. Enhance COBOL understanding, streamline mainframe-cloud integration, and generate insights for strategic decisions and improved business resilience across hybrid cloud environments.

### Security & Compliance Solutions

De-Risk Modernisation.

Achieve complete security, integrity, and resilience of your critical system data through advanced threat detection, automated compliance, and rapid recovery to prevent costly disruptions and align with critical regulations.

### Skills & Efficiency Solutions

Do Less to do More.

Rocket Optimising Skills & Efficiency Solutions empower businesses to remove the silo on heritage tech and scale IT to modernise operations and applications, bridge the skills gap, and accelerate agility in a rapidly evolving market.

## What our customers say about us

Without the help of Rocket's Professional Services team to get us started in the right direction, we would have been lost"

**John Waldron,**  
Head of Operations,  
Hastings Mutual

The relationship from proof of concept through implementation and beyond is unmatched. Rocket really puts their customers first, just as we do."

**Kyriakos Christou,**  
Lead Developer,  
Hellenic Bank

Rocket Software's knowledge of mainframe and distributed environments and the team's unmatched migration support were integral to the success of this complex project."

**Serge Musso,**  
Project and Architecture  
Manager for the Z  
environment at CA-GIP
